

Idaho State Section of the  
American Water Resources Association  
Eastern Idaho Water Resources mini-conference,  
Wednesday, December 9, 2015  
2:00 pm to 6:00 pm

---

Speakers:

- Robert Harris, Holden Kidwell Hahn & Crapo, PLLC: "Current water rights law regarding the Eastern Snake Plain Aquifer"
- James R. Cefalo, Idaho Department of Water Resources: "Settlement of water rights and usage from the Snake River and the Eastern Snake Plain Aquifer"
- Ryan Carnie, GeoEngineers Inc.: "Quantifying habitat uplift in design using the HOME® model"
- Mitchell Plummer, Idaho National Laboratory: "Thermal transport model for the Eastern Snake Plain Aquifer"

The Idaho Section of the American Water Resources Association is hosting its first mini-conference in Eastern Idaho. Presentations will be followed by a no-host social for water resources professionals and anyone with an interest in Idaho water. Speakers will discuss current water rights law regarding the ESPA; the recent settlement regarding reduction in diversions from the aquifer; quantifying habitat uplift in design using the HOME® model; and thermal transport model for the Eastern Snake Plain Aquifer (ESPA). The AWRA is dedicated to the advancement of water resources management, research, and education. Members represent a community of water professionals with diverse backgrounds, but they share engagement in solving some of the toughest water resources challenges.

IDAWRA: Eastern Idaho Water Resources mini-conference,  
 Wednesday, December 9, 2015 - 2:00 pm to 6:00 pm,  
 Hilton Garden Inn Idaho Falls
