

IDAWRA Brownbag: Wed. April 10, 2013; 11:30 - 1, Ecology of Columbia River redband trout in high desert streams of southwestern Idaho.

This seminar will highlight recent research on the home-range size and movement patterns of redband trout in Jordan Creek, Idaho (Owyhee River drainage) as well as on-going work with redband trout in Dry Creek, Idaho (Boise River drainage).

Speaker: Chris Walsler, College of Idaho

Wednesday, April 10, 11:30 -1 pm (talk will start at 11:45)

Location: Washington Group Plaza Executive Dining Room
720 Park Blvd
Boise, ID 83712

Cost: Free

Lunch available in the Washington Group cafeteria, next to the Executive Dining Room

IDAWRA thanks the Corps of Engineers for providing the venue.
